

I was completely overwhelmed when I found out that I was admitted to Nepal Medical College. It is a dream come true for me. Everything I have wanted all these years is finally within my reach. I would like to extend my deepest gratitude to all my sponsors for supporting my education. No words can express my happiness adequately. I am about to embark upon a new and exciting chapter in my life, and I cannot wait to see what it brings to me. You have made this happen for me. I am forever grateful.
